Disclaimers

My personal views

This is a talk about Open Source – I have “vibe coded” it in an open source way largely from existing prior material available under open source licenses. Images generated with the help of ChatGPT unless otherwise specified.

Agenda

- (Very) Brief introduction to OpenChain
- Introduction to OpenChain Education Working Group

OpenChain

A very brief introduction

OpenChain Vision + Mission

Our vision is a trusted software supply chain

Our mission is to make that happen

This makes a cheaper, faster, more efficient supply chain… for everyone

Project Charter:
